

Dear,

my name is Stevan Stancic, journalist based in Bosnia and Herzegovina and temporally freelancing for many regional websites in Balkans. I am very interested for your public call for cross-border grant competition, but I am not able at the moment to find interested partner journalist in Belarus. My idea, for now, is to make indepth story about Belarussian railways and trains. If you can help me in finding partner, I would be very grateful.

Thanks in advance and best regards,

Stevan Stancic
